## Intrepid Integration!

### Integrated Biology Trip

In a learning experience designed to expose students to the realities of the New Zealand bush a group of intrepid Y13's took on a tramp to the historic Field Hut in the Tararua Ranges. The students embraced the challenge, and experienced a range of emotions and personal challenges, from rats to blisters to burnt porridge for breakfast. Well done to all, looking forward to seeing some great writing based on this experience. Thanks to Ms Marina

Anderton and Mr Kent Pollard for leading them through the experience.
