## Supporting Our Youth

Mana College participated in the boys and girls Volleyball national secondary schools tournament from 19-23 March, where the boys finished 7th in Division 3, and the girls finished 10th in Division 6.

After the huge success of 2017 (8th in Division 1), this was a year of nurturing our youth who are coming up through the ranks.

## Te Whare Hauora

For anyone new to the school our Hauora block offers a number of services that students can access when needed. These include our Health clinic which is a free service for students who are sick or injured. All medical and nursing services are free, as well as any prescriptions. Medication is also delivered to the school for students free of charge.

Students can either come and see the Nurse or Doctor at their convenience (open door policy) or book to see them through reception. Whanau are also very welcome to contact the health clinic if they have concerns about their child.

Our Hauora team also includes our Guidance Counsellor, Social Workers and Alcohol and Drug Counsellors who provide valuable support for students when needed.

Our staff who work in Hauora are:

**Amanda Woodbury** is a registered nurse who runs the health clinic Mon-Fri 9am-2pm.

**Dr Trish Bassett** works in the health clinic on a Thursday for 3 hours.

**Atif Razvi** is a registered physiotherapist and works at Mana College Tuesday and Thursday from 9am-12pm both days. His service is free to the students at Mana College and is kept very busy with various sporting injuries and accidents! Atif and Amanda work closely together- students can book to see him either through Amanda or Cheryl at the main office.
