### **Mana College Board of Trustees**

The Board of Trustees are a governing body that help set and evaluate the strategic direction of the school. At the start of this year the decision was made to focus on six areas a priority over the coming year.

- Working with the school management to develop a Master property plan (including community liaison processes)
- Overseeing school self-review processes (including working with the Learning Advisory Committee)
- Consolidating Board processes and updating the trustee handbook as required
- Developing a communications plan for the Board so there is more of a connection between Board activities and our community
- Developing processes so the Board can review its own performance
- Taking responsibility for the Principal's appraisal.

We would like to welcome two new Board members who have recently been co-opted – TeRina Leonard and Ranei Wineera-Parai. They join Robert Stratford (Chair), Willie Taurima, Arthur Selwyn, Randall Hippolite, Jeff Chapman, Barbara Edmonds, Vanessa Jackson, Kaylene Riley, Anita Waiariki. We are extremely grateful to all of our Board Members for their continual work, dedication and commitment to the school, its students, staff and community.
