## Course Selection Form for 2020: Year 11-13 courses

Please circle **ONE** course only in each **row** of the table.

If you are **Year 11** you must circle one ENGLISH and one MATHEMATICS option at Level 1, from either **line 2** or **line 4**, as these are compulsory. If you are not sure which type of English or Maths class to take your teachers will help you. It is recommended to take Science at Level 1.

Generally Year 11 students take NCEA Level 1 courses, Year 12 students take NCEA Level 2 courses and Year 13 students take NCEA Level 3 courses. However, to enable more choice some courses are multi-level, e.g. Creative Technology, Photography, painting.

If you are a Year 12 student intending to take a Trades Academy course please state this over the page. Still choose a course for each line, and the number of courses you take will be negotiated with your learning advisor and dean.

*Level 3 University Entrance courses are in bold.*

Line	Courses NCEA Level 1	Courses NCEA Level 2	Courses NCEA Level 3	Courses Level NCEA 1-2	Courses Level NCEA 1-3	Courses NCEA Level 2-3
